The President stated that -by the deadline indicated in the Call - 56 applications had been received (see Attachment n. 1).

The Committee verified all the requirements, pursuant to articles 5 and 6, and excluded from the evaluation all the 34 incomplete applications (see Attachment n. 2).

The Committee noted that, pursuant to article 7, the Call was published in the Official Gazette, 4th special series, n. 59 of July 23rd, 2024, and that the three criteria to be eligible for the PhD Program are defined according to the following profiles:

- b) aptitude for scientific research and coherence between scientific background and PhD Program main subjects, the originality and rigor of the research project presented;
- c) competence in discussing and interpreting phenomena in the economic, managerial, financial or engineering fields, also expressed in quantitative form, as well as the linguistic competence necessary to participate profitably in the activities of the doctoral Program.

Criterion a) is assessed by considering the university career of the applicant, as well as any other qualifications or aspects of their personal CV useful to demonstrate their skills and knowledge.

Criterion b) is assessed on the basis of publications, participation in projects / research groups, the results of internationally recognized tests (such as the GRE or the GMAT), if taken, the preparation of a Statement of Purpose that presents the candidate's research interests and to the paper illustrative of the development of a doctoral research topic on one of the topics in Art.3.

- Internationally recognised tests
- Publications and participation in research projects/networks
- Doctoral research proposal on one of the research topics indicated in Art.3 of the Call, considering both the contents and methodological structure
